

Urinal and Toilet Sachet & Refill Bottle

Health & Safety
Please refer to relevant MSDS

Don't forget
PPE

1

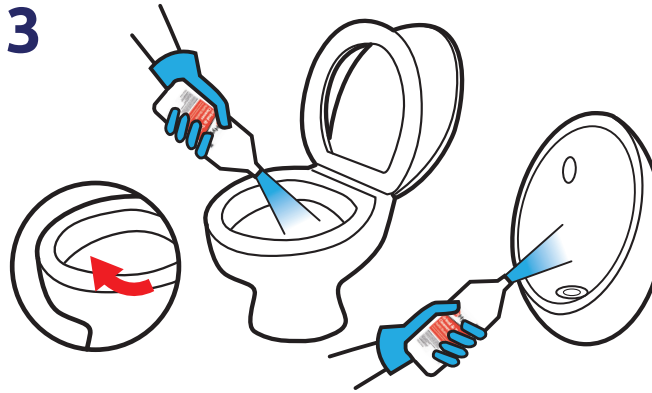

With dry hands place 1 sachet into a clean bottle, add 1 litre of water

2

Replace directional dosing cap and shake bottle well (allow time for the solution to thicken before use)

3

Flush, lower the waterline then apply the product liberally to the urinal or toilet bowl and under the rim

4

Agitate with brush if necessary

5

Leave product in the toilet bowl
