

Wood & Leather Polish

Product Description

Wood and Leather Polish utilises eco-friendly surfactants for cleaning and a unique blend of waxes for polishing and protecting surfaces

Core Benefits

- Triple action: cleans/restores/conditions, wood & leather in less time with minimal effort
- Removes scratches, scuffs and worn spots, dust/finger marks and surface stains
- Absorbs deep into the surface providing ongoing protection to both wood and leather as well as restoring the suppleness of leather
- Nourishes and lubricates with no tackiness or greasy residues
- Leaves a deep long-lasting shine
- Contains specialty eco-surfactants and a durable aqueous wax emulsion
- Possesses anti-static properties and a clean pleasant fragrance
- Eco-friendly, safe and effective

How does it work?

The ingredients in Wood and Leather Polish work in synergy to clean faster and protect wood and leather surfaces for longer. The product has multiple modes of action:

- The naturally derived builder helps emulsify oily and greasy soils by breaking them up into tiny globules. It suspends any loosened dirt and keeps it from settling back on the cleaned surface
- Low concentrations of mild, eco-friendly surfactants provide effective cleaning power whilst not being too aggressive to sensitive surfaces leaving a non-smearing finish, free of residue build up
- The high-quality wax emulsion ensures an even, durable glossy finish is achieved quickly and easily without the need for prolonged buffing, leaving surfaces protected, with a lustrous shine.

Directions for use

Shake well and spray sparingly onto the surface. Wipe off immediately with a soft dry cloth and buff to a lustrous clean finish.

Product specification

Contains: Wax emulsion, fresh fragrance and cleaning agents.

Environmental

- Local UK Production and supply chain reduces CO2e impact from transport
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation, microbes and manufacturing by-products reducing CO2e and environmental toxicity
- Post Consumer Recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution
- Highly concentrated to reduce plastic, transport and storage costs and environmental impact
- Readily biodegradable (99% over <28 days)
- 0% manufacturing waste
- Not tested on animals
- Excludes all 'watch list' raw materials

Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Only for professional users/specialists. Store in original closed containers away from extremes of temperature.
