DILUTIONS AND DIRECTIONS

PREPARATION: For optimum results thorough preparation of the floor must be undertaken. The floor must be thoroughly cleaned to completely remove dirt, grease and old polish films by using a quality floor polish remover such as **MERLIN F01 RINSE FREE FLOOR POLISH REMOVER** or **MERLIN F02 HEAVY DUTY FLOOR POLISH REMOVER**. The floor must be well rinsed with water & allowed to dry before applying **MERLIN F07 HI SOLIDS DRY BRIGHT FLOOR POLISH**.

APPLICATION: Apply a generous film of **MERLIN F07 HI SOLIDS DRY BRIGHT FLOOR POLISH** using a clean mop or polish applicator.

Drying time is normally around 30 minutes. Then a second coat is applied & allowed to dry. Coverage is dependant on the property of the floor covering. In general 5 litres of **MERLIN F07 HI SOLIDS DRY BRIGHT FLOOR POLISH** will cover approximately 250 square metres of floor.

SAFETY INFORMATION

Keep out of reach of children. Wear eye protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF ON SKIN:** Wash with plenty of soap and water. Contains chloromethylisothiazolone, methylisothiazolone. May produce an allergic reaction. For professional use only.
