DESCRIPTION

MERLIN W07 ALOE VERA LUXURY HAND SOAP is a complex blend of conditioning agents, ultra mild cleansing surfactants, thickeners, natural perfume oils, natural extracts and a preservative, designed to gently clean and condition the skin. This product produces a creamy lather and cleanses while conditioning and protecting the skin.

USES

The aloe vera extract and almond oil are incorporated for their proven moisturising, cleansing and protection properties. Natural oils enhance the fine fragrance to leave a pleasant lingering sophisticated aroma on the skin. Suitable for use in washrooms in a multitude of establishments such as hotels, restaurants, health clubs, leisure centres, etc.
